USE OF NATIONAL INSTITUTE OF GOVERNMENTAL PURCHASING CODE

The Texas Department of Transportation (TxDOT) uses the National Institute of Governmental Purchasing, Inc., (NIGP) code to standardize purchases by conforming to the class, item, and group structure of the code. The NIGP code is used to select vendors for our master vendor file from the Texas Building and Procurement Commission (TBPC) Centralized Master Bidders List (CMBL).

New suppliers and other vendors wishing to furnish materials, equipment, supplies and services to TxDOT should apply to be on the CMBL to receive bidding opportunities.

Existing TxDOT vendors need only be concerned that the information listed on the CMBL file is correct, and that the applicable NIGP class and item are selected for those you wish to provide.

TBPC's CMBL information is available online at: <http://www.tbpc.state.tx.us/hubbid/vendhow2.html#A2>

TERMS AND CONDITIONS**

PART I

GENERAL TERMS AND CONDITIONS

Part I of the General Terms and Conditions shall apply to all solicitations [Request for Quote (RFQ), Invitation for Bids (IFB), Request for Offer (RFO) and Request for Proposal (RFP)] offered by TxDOT. Parts II and III are solicitation specific additions to Part I.

This procurement falls under the statutory authority of Texas Government Code, Title 10, Subtitle D, Section 2151, et seq. (commonly known as the "Purchasing Act"). The purchasing procedures include statutory requirements and those requirements established by rule of the Texas Building and Procurement Commission (TBPC) as contained in TBPC Rule 1TAC 113.1, et seq.

All purchases are on a firm, fixed price basis unless otherwise stated in the solicitation.

The purchase order may contain a "Total Cost Not to Exceed" statement. Vendor shall not perform any work that may exceed either the purchase order total or the not-to-exceed total without prior written authorization from the department.

1. REQUIREMENTS AND ADDITIONAL INFORMATION

- 1.1. Our system requires pricing per unit shown and extensions. Unit prices shall govern in the event of extension errors. If a trade discount is offered on the solicitation response, it should be deducted and net line extensions shown. Respondent guarantees product offered will meet or exceed specifications identified in this solicitation.
- 1.2. Response should be submitted on the solicitation form. If submitting multiple responses, each response should be placed in a separate envelope, correctly identified with the solicitation number and opening/closing date. Response must be time stamped in our Mail Room or hand delivered to the address on the solicitation before the hour and date specified for the solicitation opening/closing.
- 1.3. Late responses will not be considered under any circumstances. Correctly identified late responses will be returned to respondent unopened.
- 1.4. Documentation provided with the response should be complete and comprehensive. TxDOT will not be responsible for locating or securing information not included in the response. Failure to furnish required documentation with the response may result in the response being deemed incomplete and non-responsive, resulting in rejection. TxDOT will not be responsible for any expenses relating to responses or development of documentation that may result from this solicitation.
- 1.5. All prices shall be F.O.B. destination, freight prepaid and allowed. This means the vendor shall prepay and include the freight charges in the unit price.
- 1.6. All prices shall be firm for acceptance for 30 days from solicitation response date unless otherwise stated in the solicitation. "Discount from list" pricing is not acceptable unless requested. Cash discount will not be considered in determining the low response; however, all cash discounts offered will be taken if earned. Price(s) shall not increase during the term of the purchase order or the agreement unless otherwise stated in the specification. Vendor shall offer price reductions that result in reduced cost to the vendor during the term of the purchase order.
- 1.7. Failure to sign the solicitation manually in the required space will disqualify the response. The person signing the response shall have authorization to bind the company in contract. Solicitation response shall include Texas Identification Number (TIN), full firm name and address of company. The TIN is the taxpayer number assigned and used by the Comptroller of Public Accounts of Texas. Enter this TIN in the space provided on the solicitation.
- 1.8. Response cannot be altered or amended after opening/closing time. Any alterations made before opening/closing time should be initiated by respondent or authorized agent. Response may be withdrawn if requested in writing prior to the opening/closing date and time. No response can be withdrawn after opening/closing time without approval by TxDOT based on a written, acceptable reason.
- 1.9. At the time of opening/closing for negotiated solicitations, only the names of respondents will be announced. Prices will not be disclosed.

* This Revision Supersedes Previous Revision, Revised: February 2004.

- 1.10. Purchases made for State use are exempt from the State Sales tax and Federal Excise tax. Do not include tax in response unless otherwise specified in the solicitation. Excise Tax Exemption Certificate will be furnished by TxDOT on request.
- 1.11. TxDOT reserves the right to accept or reject all or any part of any response, waive minor technicalities and make award to best serve the interests of the State. TxDOT reserves the right to reject any response not prepared and submitted in accordance with the solicitation requirements.
- 1.12. Consistent and continued tie response pricing may lead to rejection of the response by TxDOT and/or investigation for antitrust violations.
- 1.13. Facsimile (FAX) responses may be submitted to the FAX number provided in the solicitation for procurements less than \$25,000, unless otherwise stated in the solicitation. For procurements \$25,000 and greater, FAX responses will not be considered unless otherwise stated in the solicitation. All FAX responses must be signed in space provided in the solicitation. TxDOT will not be responsible for failure of electronic equipment or operator error. Responses that are late, illegible, incomplete or otherwise non-responsive will not be considered.
- 1.14. It is the intent of TxDOT to purchase goods, equipment and services having the least adverse environmental impact within the constraints of statutory purchasing requirements, departmental need, availability and sound economical considerations. TxDOT encourages suggested changes and environmental enhancements for possible inclusion in future revisions of this specification.
- 1.15. TxDOT is committed to maintaining an alcohol- and drug-free workplace. Possession, use, or being under the influence of alcohol or controlled substances by vendor's employees while in the performance of any service is prohibited. Violation of this requirement shall constitute grounds for cancellation of the purchase order. Vendor's employees shall comply with TxDOT's policy prohibiting smoking in TxDOT buildings.
- 1.16. All work by the vendor shall be performed between the hours of 8:00 a.m. and 5:00 p.m., unless otherwise specified, only on working days observed by TxDOT. Working days are usually Monday through Friday of each week.
- 1.17. If the department receives an open records request and a bidder or the awarded vendor has identified restrictive material in the original bid, the department will use best efforts to give the bidder **or the awarded vendor** an opportunity to present its arguments to the Office of the Attorney General for why such trade secrets should not be disclosed.

2. SPECIFICATIONS

- 2.1. The goods furnished or service performed shall be in accordance with the purchase specifications. TxDOT will decide all questions, which may arise as to the interpretation of the specifications and the quality, or acceptability of goods furnished or work performed. If the solicitation is for a service, TxDOT will decide the manner of performance and the rate of progress of the work and the acceptable fulfillment of the service on the part of the vendor.
- 2.2. Any catalog, brand name or manufacturer's reference used in the solicitation is descriptive only (not restrictive), and is used to indicate type and quality desired. Responses on brands of like nature and quality will be considered unless advertised as proprietary or sole source under Texas Government Code (TGC), Title 10, Subtitle D, Section 2155.067. Show manufacturer, brand or trade name, and other description of product offered on response. If offer is for other than example(s) shown, include illustrations and complete description of product in the solicitation response. If respondent takes no exception to specifications or reference data in the response, the vendor will be required to furnish brand names, numbers, etc., as specified.
- 2.3. Unless otherwise specified, all items offered shall be new and in first class condition, including shipping and storage containers. Verbal agreements to the contrary will not be recognized.
- 2.4. Samples, when requested, must be furnished free of expense to TxDOT. If not destroyed in examination, samples will be returned upon request, at respondent's expense. Each sample should be marked with respondent's name and address, and TxDOT solicitation number. Do not enclose in or attach response to sample.
- 2.5. TxDOT will not be bound by any oral statement or representation contrary to the written specifications of this solicitation. All addenda to and interpretations of this solicitation shall be in writing. Any addenda or interpretation that is not in writing will not legally bind TxDOT.
- 2.6. Manufacturer's standard warranty shall apply unless otherwise stated in this solicitation.
- 2.7. All electrical items shall meet all applicable OSHA standards and regulations, and bear the appropriate listing from UL, FMRC or NEMA.

3. **TIE RESPONSES:** Award will be made in accordance with RULE 1 Texas Administrative Code (TAC) Section 113.6(b)(3) and 113.8 (Preferences).
4. **PREFERENCES** A respondent may claim a preference under Rule 1TAC 113.8. To claim a preference, a respondent shall identify the preference, on the face of the solicitation. If the appropriate area on the solicitation is not marked, a preference will not be granted unless other documents included in the bid show a right to the preference.

Preferences may be claimed for the following:

Tie-Bid Preferences

- ◆ Supplies, materials or equipment produced in Texas or offered by a Texas bidder
- ◆ Agricultural products grown in Texas
- ◆ Agricultural products offered by Texas bidder
- ◆ USA produced supplies, material or equipment
- ◆ Products produced at facilities located on formerly contaminated property
- ◆ Products and services from economically depressed or blighted areas

Source Preference

- ◆ Products of persons with mental or physical disabilities

Specification Preferences

- ◆ Products made of recycled materials
- ◆ Energy efficient products
- ◆ Rubberized asphalt paving materials
- ◆ Recycled motor oil and lubricants

5. **DELIVERY**

- 5.1. Response should show number of *days* required to place material, or begin service (if required), at TxDOT's designated location under normal conditions. Failure to state delivery time obligates vendor to complete delivery in 14 calendar days. Unrealistic delivery promises may cause response to be rejected.
- 5.2. If delay is foreseen, vendor shall give written notice to TxDOT. TxDOT has the right to extend delivery date if reasons appear valid. Vendor shall keep TxDOT advised at all times of status of order. Default in promised delivery (without accepted reasons) or failure to meet specifications, authorizes TxDOT to purchase goods or services elsewhere and charge full increase, if any, in cost and handling to defaulting vendor.
- 5.3. No substitutions or cancellations permitted without written approval of TxDOT.
- 5.4. Delivery shall be made during normal working hours only, unless prior approval has been obtained from TxDOT or otherwise stated in solicitation.
- 5.5. Receipt of goods does not constitute acceptance.

6. **INSPECTIONS AND TESTS:** Goods and services will be subject to inspection and test by TxDOT to the extent practicable at all times and places. Tests will be performed on samples submitted with the response or on samples taken from regular shipment. In the event samples tested fail to meet or exceed all conditions and requirements of the specification, the cost of the sample used and the cost of the testing shall be borne by the vendor. Goods which have been delivered and rejected in whole or in part may at TxDOT's option, be returned to the vendor or held for disposition at vendor's risk and expense. Authorized TxDOT personnel shall have access to any vendor's place of business for the purpose of inspecting goods and services. Latent defects may result in revocation of acceptance.

7. **AWARD OF PURCHASE ORDER:** A response to a solicitation is an offer to contract with TxDOT based upon the terms, conditions and specifications contained in the solicitation. Responses do not become contracts unless and until they are accepted through an authorized TxDOT designee by issuance of a purchase order.

- 7.1. Any purchase order resulting from this solicitation is subject to cancellation without penalty, either in whole or in part, if funds are not appropriated by the Texas Legislature. The purchase order for this procurement shall be governed, construed and interpreted under the laws of the State of Texas.

- 7.2. **BEST VALUE CRITERIA FOR PURCHASE OF GOODS OR SERVICES** – When specified in the solicitation, the factors listed in Texas Government Code, Title 10, Subtitle D, Section 2155.074 will also be considered in making a *best value* award. This section allows TxDOT to develop and apply award evaluation criteria for a procurement in order to obtain goods and services that provide the *best value* for TxDOT.

In determining *best value*, other relevant factors may be considered in addition to purchase price and whether the product meets specifications. Those factors are:

- installation costs; life cycle costs;
- the quality and reliability of goods and services;
- the delivery terms;
- indicators of probable vendor performance;
- cost of employee training associated with a purchase;
- the effect of a purchase on agency productivity; and
- other factors relevant to determining best value for the state in the context of a particular purchase.

Under these guidelines, a vendor is not automatically awarded a purchase order simply because they submit the lowest bid response.

- 7.3. The purchase order is void if sold or assigned to another company without written approval of TxDOT. Written notification of changes to company name, address, telephone number, etc. shall be provided to TxDOT as soon as possible but not later than 30 days from the date of change.

8. **PAYMENT:** Payment will be made in accordance with the Texas Prompt Payment Law, TGC, Subtitle F, Chapter 2251. Vendor shall submit two copies of a correct itemized invoice showing the purchase order number, payee I.D., remit to address, and phone number on all copies. TxDOT will incur no penalty for late payment if payment is made in 30 days or less from receipt of goods or services and a correct invoice, whichever is later.

NOTE: Warrants will not be issued to a vendor without a current Texas Identification Number and will be held by the State Comptroller if there is a tax liability.

9. **PATENTS OR COPYRIGHTS:** The vendor agrees to protect TxDOT and the State from claims involving infringement of patent or copyrights.
10. **VENDOR ASSIGNMENTS:** Vendor hereby assigns purchaser any and all claims for overcharges associated with this contract which arise under the antitrust laws of the United States (15 U.S.C.A. Section 1, et seq. [1973]), and which arise under the antitrust laws of the State of Texas, Tex. Bus. & Comm. Code Ann. Sec. 15.01, et seq. (1967). Inquiries pertaining to this solicitation must give solicitation number and opening/closing date.
11. **RESPONDENT AFFIRMATION:** Signing this solicitation with a false statement is a material breach of contract and shall void the submitted response or any resulting contracts, and the respondent shall be removed from all solicitation lists. By signature hereon affixed, the respondent hereby certifies that:
- 11.1. The respondent has not given, offered to give, nor intends to give at any time hereafter any economic opportunity, future employment, gift, loan, gratuity, special discount, trip, favor, or service to a public servant in connection with the submitted response.
- 11.2. Under TGC, Title 10, Subtitle D, Section 2155.004, the respondent certifies that the individual or business entity named in this response is eligible to receive the specified contract and acknowledges that this contract may be terminated and/or payment withheld if this certification is inaccurate.
- 11.3. Neither the respondent nor the firm, corporation, partnership, or institution represented by the respondent, or anyone acting for such firm, corporation or institution has violated the antitrust laws of this state, codified in Section 15.01, et. seq., Texas Business and Commerce Code, or the Federal Antitrust Laws, nor communicated directly or indirectly the solicitation made to any competitor or any other person engaged in such line of business.
- 11.4. The respondent has not received compensation for participation in the preparation of the specifications for this solicitation.
- 11.5. Under TGC, Title 5, Subtitle D, Section 231.006, Family Code (relating to child support), the individual or business entity named in this solicitation is eligible to receive the specified payment and acknowledges that this contract may be terminated and payment may be withheld if this certification is inaccurate.

- 11.6. Under Section 669.003 of the Texas Government Code, TxDOT may not enter into a contract with an individual who was the executive director of TxDOT during the four years before the date of the contract, or with anyone who employs a current or former TxDOT executive director, unless the Transportation Commission approves the contract in an open meeting.

If Section 669.003 applies, respondent must provide the following information as an attachment to this solicitation response: Name of former TxDOT executive director, date of separation from TxDOT, position with respondent, and date of employment with respondent.

- 11.7. The response includes the names and Social Security Numbers of each person with a minimum of 25% ownership of the business entity submitting the response. Respondents that have pre-registered this information on the TBPC Centralized Master Bidders List have satisfied this requirement. If not pre-registered, provide the names and Social Security Numbers on the face of the solicitation response.
- 11.8. Respondent agrees that any payments due under this contract will be applied towards any debt, including but not limited to delinquent taxes and child support that is owed to the State of Texas.
- 11.9. Respondent agrees to comply with TGC, Title 10, Subtitle D, Section 2155.4441, pertaining to service contract use of products produced in the state of Texas.
12. **SUBCONTRACTING REQUIREMENTS:** In accordance with Texas Government Code, Title 10, Subtitle D, Sections 2161.181-182 and Texas Administrative Code (TAC), Title 1, Section 111.11 and pursuant to the Texas Building and Procurement Commission's (TBPC) HUB Rules, TAC, Title 1, Section 111.13 and 111.14, all state agencies entering into a contract with an expected value of \$100,000 or more shall, before the agency solicits bids, proposals, offers, or other applicable expressions of interest, determine if it is probable for subcontracting opportunities under the contract. If subcontracting opportunities are probable the state agency will state such probability in its bids, proposals, offers, or other applicable expression of interest and require the submission of a Historically Underutilized Business (HUB) Subcontracting Plan (HSP). The HSP, if acceptable to the agency, will be a provision of the contract. The HSP, if required, may be found at: <http://www.dot.state.tx.us/gsd/purchasing/purchasing.htm>.
13. **VENDOR EXCEPTIONS OR CONDITIONED RESPONSES:** Vendor exceptions and/or terms and conditions attached to a response will not be considered unless specifically referred to and clearly identified as such within the response.

NOTE: Such exceptions and/or terms and conditions may result in disqualification of the response (e.g., response with the laws of a state other than Texas, requirements for prepayment, limitations on remedies, etc.).
14. **DISPUTE RESOLUTION:** TxDOT has established a dispute resolution process under 43 TAC § 9.1 to attempt to resolve all disputes that may arise between the department and the vendor under any purchase order resulting from this solicitation. The dispute resolution process provided for in TGC, Title 10, Subtitle F, Chapter 2260 must be used by TxDOT and the vendor to attempt to resolve all disputes arising under this contract.
15. **VENDOR PERFORMANCE:** Vendors are advised that performance will be reported to the TBPC. In accordance with TGC, Title 10, Subtitle D, Chapters 2155.074 and 2155.075, vendor performance may be used as a factor in the award of a future solicitation.
16. **VENDOR RESPONSIBILITIES**

- 16.1. The vendor shall comply with all federal, state, and local laws, statutes, ordinances, rules and regulations, and the orders and decrees of any court or administrative bodies or tribunals in any matter affecting the performance of the purchase order, including if applicable, workers' compensation laws, minimum and maximum salary and wage statutes and regulations, and licensing laws and regulations. When required, the vendor shall furnish TxDOT with satisfactory proof of its compliance.
